TAKE ON THE PROS!

R.B.I. '93 puts you into the big leagues with nearly 700 REAL Major League Baseball Players from all 28 professional rosters, including Colorado and Florida.

Plus you'll face them on their own turf—from Chicago's friendly confines to the Big Green Monster in Boston.

It's easy, just look for R.B.I. '93... it's the only game in town.

ELECTRONIC ARTS MUTANT LEAGUE FOOTBALL

What do you get when you cross the fun of Madden Football with the no-holds barred action of robots and mutants? You get *Mutant League Football With* plays and controls very similar to EA's earlier efforts (but not related to the EA sports games), *Mutant League Football* should appeal to those looking for a bit more action in their sports!

Begin by selecting from sixteen tough teams, each with their individual attributes. Names include Sixty Whiners, War Slammers and the Darkstar Dragons. The teams also have star players like Elvis, Snake and Mauler that have special skills above the rest of the players.

If you haven't had enough fun choosing your team, then you can pick from nineteen stadiums complete with hazards like pitfalls and land mines buried within. Choose wisely because the enemy can take advantage of these situations.

Mutant League Football is a very violent game, but there is the option of toning it down a bit. At the bloodiest level, Annihilation, your players can get smashed by others with a full complement of blood accompanying the action!

Time to play! Choose plays just like the Madden games and head onto the field for a real treat. Players can dive, punch, jump and kick opponents to reach the goal for the

touchdown! Beware of trick plays that can turn an entire team against the opposing coach! Although the setting is very futuristic, the game plays just like your typical football game. But if it's a change you're looking for, then MLF is the choice!
